DEMOCRATS MAKE GAINS

Registration of Tuesday Shows a Substantial Increase Over the Previous Year.

PARTY LEADERS ARE BUSY.

Majority of 354 is Registered Against Republicans Who Also Make Gains.

Tuesday being regular registration day workers of both parties were very active in getting out a full registration and on the face of the returns a substantial gain over the registration last year in the Democratic column, while the Republican registration showed a slight increase.

The Democrats made a gain in every precinct in the city over the last registration, while in two precincts the Republicans lost ground, and in the four precincts in which the gain was noted the increase is very small.

The approach of the regular election in November in which the State officers will be voted for probably had the effect of bringing out a large number, but in the ranks of both parties there is a decided falling off in the registration as compared with the figures of 1909, when 898 Democrats and 609 Republicans were registered.

The registration of Tuesday shows an increase of 215 over last year for the Democrats, while a gain of 35 is noted in the Republican registration. The Democrats have a majority of 354 over the Republicans in the six precincts in the city. The results of the registration were as follows:

Child Swallowed Knife.

While playing with a small silver penknife Tuesday afternoon Master Joseph Redding, son of Mrs. John W. Redding, the guest of Mrs. Newton Mitchell, accidentally swallowed it. The knife, which was closed, lodged in his throat, and came near choking the child to death. A physician was summoned, who relieved the little sufferer, the knife passing to his stomach. He is getting along nicely and no bad results are likely to follow from the accident.

Trotter Sells for Fancy Price.

Mrs. W. A. Bacon sold last week to Mr. W. K. Hukill a four year old trotting mare for \$1,500. The sale is one of the best reported in this county. The mare is by Wiggins out of Clay Belle, her second dam being Oakland Baron, and is the product of Marchmont, the famous farm of the late Mr. Jas. E. Clay. She has been trained only a few weeks and has made a mile in 2:17 1-2. Her new owner thinks he has a great prize and those who have seen the mare in action are of the unanimous opinion she will develop into a great race animal.

LIQUID CURES ECZEMA
WHERE SALVE FAILS

In regard to skin diseases medical authorities are now agreed on this: Don't imprison the disease germs in your skin by the use of greasy salves, and thus encourage them to multiply. A true cure of all eczematous diseases can be brought about only by using the healing agents in the form of a liquid.

WASH THE GERMS OUT. A simple wash: A compound of Oil of Wintergreen, Thymol, and other ingredients as combined in the D. D. D. Prescription, penetrates to the disease germs and destroys it, then soothes and heals the skin as nothing else has ever done.

A 25-cent trial bottle will start the cure, and give you instant relief.

Wendling Said to Have Made Admissions.

Joseph Wendling, who is serving a life sentence in the penitentiary at Frankfort for the murder of Alma Kellner, of which he was convicted by a jury in the Jefferson Criminal court last November, is said to have made admissions that he had a part in the disappearance of the child.

Wendling, it is reported, has said that he disposed of the child's body, though he claims he buried it in the ashes around the furnace of St. John's church, and professes to be unable to tell how it came to be in the cellar of the abandoned school house, where it was found.

When he testified at his trial, Wendling denied all knowledge of Alma Kellner and her fate. The admissions he is reported to have made would repudiate his testimony at the trial, and the fact that he did not make a clean breast at that time will make it difficult to accept any explanation he may seek to make of the tragedy if it depends on Wendling's unsupported word.

The fact that Wendling has made even partial admissions, as is reported, may lead to a complete revelation of the fate of Alma Kellner.

Can the Growers be Fooled.

Whenever Judge O'Rear gets into a tobacco district he promises the growers that if they will elect him Governor, he will get twelve cents for their tobacco. He is making other promises equally impracticable and impossible of performance in a mad effort to range the tobacco people on his side in this contest.

As usual, the Judge's promises do not square with his actual performances. When the machine which worked with such precision at Phoenix Hill came to the selection of a Secretary of State, out popped Senator Jack Oliver—Judge O'Rear's personal choice for that office. Oliver's record in the Legislature consistently opposed every measure for the relief of the tobacco growers of this state, but Judge O'Rear believed that it would strengthen the ticket in his section of the state, and so put this avowed enemy of the tobacco growers on the ticket.

When the Democrats came to nominate a Secretary of State they selected Dr. C. F. Crecelius, of Pendleton county. When he was a member of the Legislature he prepared the Crecelius tobacco bill, under which the farmers are protected in the pooling of their crops. Under the Doctor's vigorous championship it became a law, thereby permitting the tobacco people to maintain the integrity of their pools, and get better prices for their products.

This is only one more in the long list of insincerities that can be laid at the door of Judge O'Rear. He is for the tobacco people when he thinks he can gain a vote by it in one section, while playing into the hands of their enemies by selecting a man like Oliver, who voted against them in the Legislature at every opportunity.

The Ex-Confederates for Governor McCreary.

When Augustus E. Willson ran for Governor, he made a great parade of the fact that some of the Confederate soldiers were for him, and he never tired of telling how grateful he was to these brave defenders of the lost cause for their support. There were some few Confederates, who, for personal reasons, voted for Willson, but they have lived to regret it, as has every other Democrat who trusted in Republican promises or pledges.

At the last session of the Legislature, a bill was passed to erect a monument to Jefferson Davis, who was born in Kentucky, and who has won immortality as President of the Confederacy. Although the Democrats at the session before had voted \$2,500 for the erection of a monument to Abraham Lincoln, because he too was a Kentuckian; Governor Willson, forgetting the Confederates had been for him, vetoed their measure, and threw it back in the faces of its supporters.

Governor McCreary is not running for office on his record as a Confederate soldier, but he served during the war under the stars and bars, and thousands of his old comrades attest his courage and fidelity. Even if he did not have a claim that a brother in arms always has, they would still be for him, because they remember the treachery of Governor Willson, and they have learned that the promises of Republican politicians are made only to be broken.

Democracy Pleads for Honest Elections.

There is no more important plank in the Democratic platform than Section Six, which commits the party to the passage of an act that will punish all corrupt practices in elections, and guarantees to every man that his vote shall be honestly counted as cast. Section Six is as follows:

"We favor the enactment of an explicit and effective corrupt practice act, which shall determine what campaign expenses shall be legitimate, and which provide for the compulsory publication in detail, under heavy penalties, of the campaign expenses of every candidate for public office."

This Section supplements Section Five, which provides for a direct primary election law, providing that all primary elections be held at public ex-

pense, so that every candidate, no matter what his wealth or station may be, shall have an equal chance to submit his claims to the voters of his party. Kentucky has suffered in the past from dishonest elections, and the people are demanding that these corrupt practices be stopped. The opportunity to institute this reform will come to the Democratic party after this election, because it will control both Houses of the Legislature.

Governor McCreary is heartily in favor of the passage of this law. His influence put in in the platform, and he will recommend it to the Legislature, and use all the power in his hands to give it a permanent place upon the Statute Book.

When the people know how much a man spends for his nomination and his election, and from what source his campaign fund comes, they will be able to judge whether he is his own master, or whether he must shape his official acts to suit those who have bought his office for him. The time is past when platform pledges are lightly regarded. In this campaign no candidate for office can fail to do his duty without sacrificing his honor.

Bryan Agrees to Tour Kentucky.

Secretary Bob Phillips, at the Democratic State Campaign headquarters in Louisville has announced that arrangements are approaching completion for a deluge of Democratic orators of national repute to speak in Kentucky during the month of October in the interests of the Democratic State ticket, headed by Mr. James B. McCreary.

The first celebrity to come, following Mr. Speaker Champ Clark, who was in the State last week, will be Congressman Oscar W. Underwood, of Birmingham, Ala., at present leader of the Democratic majority in the house of Representatives.

Mr. Underwood, who is a native of Louisville, will speak at Corbin, Ky., Saturday of this week and in Louisville October 10. Mr. Underwood will also speak at Lexington and Bowling Green.

Mr. Phillips stated that Mr. Wm. J. Bryan has also definitely agreed to make a tour of Kentucky in the latter part of October, and that Governor Harmon, of Ohio, will also make at least two speeches in Kentucky, one of which will probably be delivered in Louisville. Senator Gore and Congressman Heflin are also due to speak in the state this month.

Pony vs. Horse Intelligence.

I have been asked a great many times if ponies are really more intelligent than full-sized horses. They certainly appear to be. But the intelligence of any horse will develop under petting and human companionship, and there is no doubt that other horses, if given the same privileges that ponies enjoy and if their size admitted of their being handled and managed in the same way, would prove equally intelligent.—Outing.

A Clean Man

Outside cleanliness is less than half the battle. A man may scrub himself a dozen times a day, and still be unclean. Good health means cleanliness not only outside, but inside. It means a clean stomach, clean bowels, clean blood, a clean liver, and new, clean, healthy tissues. The man who is clean in this way will look it and act it. He will work with energy and think clean, clear, healthy thoughts.

He will never be troubled with liver, lung, stomach or blood disorders. Dyspepsia and indigestion originate in unclean stomachs. Blood diseases are found where there is unclean blood. Consumption and bronchitis mean unclean lungs.

Dr. Pierce's Golden Medical Discovery

prevents these diseases. It makes a man's insides clean and healthy. It cleans the digestive organs, makes pure, clean blood, and clean, healthy flesh.

It restores tone to the nervous system, and cures nervous exhaustion and prostration. It contains no alcohol or habit-forming drugs. Constipation is the most unclean uncleanliness. Dr. Pierce's Pleasant Pellets cure it. They never gripe. Easy to take as candy.

ALL MY PIMPLES GONE

Girl Tells How a Blotchy Skin Was Cleaned By a Simple Wash.

"I was ashamed of my face," writes Miss Minnie Pickard of Altamahaw, N. C. "It was all full of pimples and scars, but after using D. D. D. Prescription I can say that now there is no sign of that Eczema, and that was three years ago."

D. D. D. has become so famous as a cure and instant relief in Eczema and all other serious skin diseases, that its value is sometimes overlooked in clearing up rash, pimples, blackheads, and all other minor forms of skin impurities.

The fact is, that while D. D. D. is so penetrating that it strikes to the very root of Eczema or any other serious trouble, the soothing Oil of Wintergreen, Thymol and other ingredients are so carefully compounded there is no wash for the skin made that can compare with this great household remedy for every kind of skin trouble.

D. D. D. is pleasant to use, perfectly harmless to the most delicate skin, and absolutely reliable. A 25-cent bottle will give you positive proof of the wonderful effectiveness of this great remedy.

The Mysteries of Men's Diseases

(Revealed by a Complete Laboratory Examination)

Two Drops of Blood

Two Ounces of Urine

If You Want to Know the Truth, See Old Dr. Dolle

ASSOCIATE SPECIALIST OF CINCINNATI MEN-SPECIALIST COMPANY.

Don't Wait until you are Indicted and Sentenced and the Gates of Health Closed Against You

I WANT A TALK WITH YOU in reference to that which should concern every man more than all the money in the world—Health, Heritage and Success.

What is true of your physical condition must be reflected in the well-being of your children—for future generations. A nation that dies may be "born again" in a physical sense, and may yet hand down a Heritage that is worth more than all the wealth it may have produced.

In preserving your blood cells we are helping to shape the destiny of future generations, and the few dollars we leave behind will count for but little compared to the vital spark that flows through the blood stream of men who do things right.

The time has come for you to decide whether you will be the man that Nature intended or will permit yourself to be deluded—"to be cast into the scrap pile." Your first duty is self-preservation. Truth is eternal. Your Heritage is your greatest asset.

If the underlying principles upon which my SPECIFIC BLOOD CELL REMEDIES were perfected had not been right 18 years ago they would not be right today. I believe if you had your trouble last year you still have the resulting weakness this year, and the fact that I was unable to secure your confidence should cause me all the more concern in making an honest and sincere effort to have you see the right way to do justice by yourself.

C. L. DOLLE, M. D., Associate Specialist.

Now, the facts are, you have known me directly or indirectly for 18 years here in Cincinnati, and you have watched and waited to see my efforts revolutionize the practice of my specialty.

Now, if my 22 years of experience is worth anything to you, if the services of the best laboratory in the city of Cincinnati is worth anything to you—if the remedies I have perfected, and which have been endorsed by the best authors in the world are worth anything to you—if one of the best hospitals in the city of Cincinnati, if needed, is worth anything to you, all of which can be had without a dollar—if needed, I know this should cause you to have but one opinion, and that is, that I have shown a disposition to do a hundred times more than you are willing to do for yourself.

If you place no value on your health and Heritage, I am talking to the wrong man, but if you do believe what I have said and you are willing to make an effort to help yourself—there is no just reason why you should feel that you cannot afford to protect that which is worth a hundred times more than all the money that you have or will make.

Are you willing to hand your heritage down from generation through your children? Look at the thousands of men who are paying the price of their ancestors' indiscretions. Let us cure you?

Let Me Send You This Book FREE

While countless thousands have already written for this book, and are now well and happy because of the same, still there are yet thousands of others who need just such valuable information as this book of Dr. Dolle's contains. No diseased man should fail to get this book now, because it is sent free of any cost, and is not only interesting and instructive, but tells men how to avoid diseases and weaknesses, the cause and cure, and how they can make the climb of life with strength and health to wealth, honor, happiness, and why some men are failures, miserable, the complete book sent upon application, free, sealed, by mail.

If in or near this city, take time to drop in our office that you may have a complete, thorough and free examination. No charge for professional advice, either at office or by mail.

No Patient Charged More Than What He is Glad and Willing To Pay

We simply want the opportunity of showing every man suffering from INFECTION, BLOOD POISON, SKIN DISEASES, NERVOUSNESS, RHEUMATISM, KIDNEY AND BLADDER COMPLICATIONS, ENLARGED VEINS (WEAK BLOOD VESSELS), WEAK ORGANS, that he can only be made strong by and through the blood stream; also, that no "salves," suspensory bandages, washes to apply night and morning, or gallons of "dope" taken internally or externally will CURE VARICOCELE, HYDROCELE, PILES AND STRICTURE, but that OUR METHOD, without knife or danger to life in any way, will CURE IN ONE TREATMENT—one visit—and the patient leaves this institute CURED for life. We know that we can give him new life, new hope, and restore him back to health and happiness. We know that every man will pay after we have eliminated every trace of disease from his system, therefore we say to all diseased men test our treatment at OUR EXPENSE until you are satisfied to pay our very small charges—besides all sufferers should bear in mind this important matter: HERE they get the attention not only of Dr. Dolle personally, but of several SPECIALISTS in each case without extra charge. What ONE of US does not know, some of the other associated STAFF DOES. Our practice is large, our cures are scattered all throughout this great city, this state and neighboring states; our Institute here is as finely and completely equipped as money will make it. We offer diseased men all that a reputation of almost a score of years experience in this city carries with it—honesty, reliability, skill, and all for a very moderate charge, in reach of any and all sufferers. JEFFERSON COUNTY SCHOOL.

Kentucky Out of Step With the March of Education.

If you had not driven twelve miles from big, throbbing, pulsing Louisville along perfect roadways sprinkled with oil you would think you were far out in some rural community when you gaze at Rocky Hill school. It seems impossible for such a schoolhouse to be tolerated in a county as rich and prosperous as Jefferson.

Its style of architecture is severely

ROCKY HILL SCHOOL.

simple. This idea of extreme simplicity is carried out in the veranda of red corrugated iron supported on plain 2 by 4 studding.

If the building, the main building, lacks beauty, the old coal house is much worse. It looks as if after years of wear and tear the neighbors had felt sorry for it and had had something of a donation party. This, of course, is merely a surmise, but it is the only possible solution to the general makeup of the building. Evidently one neighbor had donated some old red roofing tin. Another neighbor, seeing the need of a door, had sent over one that had been cut "kinder whopper jawed" and would

THE DOOR WAS "KINDER WHOPPER JAWED" not fit anywhere—then, having no hinges, it had been tacked on anyway and left standing wide open for the weeds to grow about it.

Jefferson county, with its trolley lines, its splendid roads, its wealth, should be an object lesson to the rest of the state in schools and school equipment, but she is just where the others are.

The whole state is out of step with the march of education.

MOVED THE LECTURER.

Church Too Good For Him, but Schoolhouse Was Just the Place.

The man who was to give an illustrated lecture at Deer Creek sat on the steps of the Deer Creek church with his grips and gas drums about him. Seven-thirty came and went; the early summer twilight deepened while a family of screech owls discussed their affairs under their breath; 8 o'clock came and still no audience. A buggy rattled on the road below, and a voice called shrilly:

"Hello! Anybody up there?"

"Yes, and I want to get in to put my lantern in place," answered the lecturer.

"Didn't you hear that we had changed the place?" queried the voice.

"No."

"Well, we did. You better get your things in your wagon and come down to the schoolhouse, half a mile down the road, for the folks is there waiting for you."

"How did you happen to change the place of the lecture at the last moment?"

"It was this way: You see, we knew you had to have a big light in your lantern—oil or kerosene or other—and we knew, too, that you had to have a sheet or sunthin' big and white to throw the pictures on to and it would have to be tacked on to the wall. We have just had put down a brand new carpet on the church and papered the walls, so we were afraid you would spill oil on the carpet or punch holes in the new wall paper tacking up your sheet. You see, we were afraid you'd hurt the church some way, so we moved you down here because you couldn't hurt the schoolhouse at all."

The Boy Understood. One of the educational committee in Louisville had pinned on his button and went out onto the street for a paper. While the boy was counting out the pennies in change he caught sight

of the white and blue button. He smiled and got onto his tiptoes and read slowly:

"My \$ for improvement Kentucky schools."

Again he smiled and, reaching out a grumpy paw, exclaimed: "Put it there and shake. I'm with you fellers, all right."

Saved His Mother's Life.

"Four doctors had given me up," writes Mrs. Laura Gaines, of Avoca, La., "and my children and all my friends were looking for me to die, when my son insisted that I use Electric Bitters. I did so and they have done me a world of good. I will always prize them." Electric Bitters is a priceless blessing to women troubled with fainting and dizzy spells, backache, headache, weakness, debility, constipation or kidney disorders. Use them and gain new health strength and vigor. They're guaranteed to satisfy or money refunded. Only 50c at Oberdorfer's.

Midnight in the Ozarks

and yet sleepless Hiram Scranton, of Clay City, Ill., coughed and coughed. He was in the mountains on the advice of five doctors, who said he had consumption, but found no help in the climate and started home. Hearing of Dr. King's New Discovery, he began to use it. "I believe it saved my life," he writes, "for it made a new man of me so that I can now do good work again." For all lung disease, coughs, colds, lagrippe, asthma, croup, whooping cough, hay fever, hemorrhages, hoarseness or quinsy its the best known remedy. Price 50c and \$1. Trial bottle free. Guaranteed by Oberdorfer's.

Kicked by a Mad Horse.

Samuel Birch, of Beetown, Wis., had a narrow escape from losing his leg, as no doctor could head the frightful sore that developed, but at last Buckle's Arnica Salve cured it completely. It's the greatest healer of ulcers, burns, boils, eczema, scalds, cuts, corns, all sores, bruises and piles on earth. Try it. 25c at Oberdorfer's.

MATRIMONIAL.

—The marriage of Mrs. Fannie Wiley James, of Lexington, formerly of Paris, to Mr. Leland Stanford Mattingly, of Louisville and San Francisco, was solemnized Wednesday afternoon at the Sinton Hotel in Cincinnati. After the wedding the bridal couple left for Chicago, thence to Los Vegas, Nevada, to visit the sister of the bride, Mrs. William S. Park, then on to San Francisco, California, to make their home. The bride is one of the attractive daughters of Mr. Willa Wiley, of Lexington. She was accompanied to Cincinnati by her sister, Mrs. Frank Bell, and Master William Bell. Her dress was a traveling suit of tailored brown cloth with pretty hat.

The bridegroom is a young business man, the great nephew of Leland Stanford, the millionaire, and a graduate from the Leland Stanford University.

—A marriage license was issued yesterday afternoon to Mr. Dave Alexander and Miss Anna Graves. The wedding will occur in Maysville today.

—The following invitations have been issued to out of town friends and relatives, no invitations having been sent in the county, as it will be a church wedding and all friends and relatives are invited:

Ex-Mayor Goes to Jail.

Robert H. Anderson, ex-Mayor of Georgetown, chairman of the Democratic County Committee, was yesterday sentenced to serve twenty-four hours in jail by Circuit Judge R. L. Stout because Mr. Anderson did not produce certain ballot boxes used in the Democratic primary last July 1, and which, it is alleged, contain conclusive evidence of gross irregularities in that election as committed in various precincts. Mr. Anderson claims he does not know where the ballot boxes are. Mr. Anderson began his sentence yesterday morning.

County Board Meets.

The County Board of Education met at the office of the County Superintendent, Miss Robbins, yesterday. Aside from the re-election of Mr. F. F. Hurst as Secretary of the Board, and the allowing of claims against the Board, no other business was transacted.

No New Cases of Typhoid.

No new cases of typhoid fever have developed in the past few days and it is the belief of the physicians and health officials that the disease is now under control. Dr. A. H. Keller, at the head of the Health Board is exerting every energy to prevent a further spread of the disease and is taking every precaution with this in view. He has made frequent visits to Henry Addition where the disease is most prevalent and is rendering valuable assistance in this locality toward keeping the disease down. He has had large quantities of lime deposited at various locations in this section of the city, together with carbolic acid and other disinfectants for use in and around the homes of those who are confined with the disease.

Fiscal Court in Regular Session.

The selection of officers to fill the appointive positions in Bourbon county, chosen annually by the Bourbon Fiscal Court, were postponed at the meeting of the court yesterday until the regular session of that body in November.

Judge Denis Dundon presided at the meeting yesterday with Justices L. J. Fretwell, E. P. Thomason, W. H. Squires, J. J. Redmon O. B. Lloyd, B. F. Stupp, J. T. Barlow and George K. Redmon present.

The report of Supervisor C. F. Redmon was presented to the court and after being read and accepted it was ordered made of record. The sum of \$6,049.20 was ordered paid by the court for services performed on the pikes of the county, and the sum of \$1,000 was appropriated for the use of the Supervisor for the month of October. The Supervisor was instructed by the court to defer the spreading of rock on the pikes of the county other than that of the Chinn's Mill pike which is under construction.

Squires Barlow and Lloyd were appointed a committee to inspect the work on the Chinn's Mill pike which is being constructed by Pat Collins and Squires, Fretwell and Lloyd were named as a committee to look into the condition of the Paris and Flat Rock and Paris and North Middletown pikes. Claims to the amount of \$1,857.54 were allowed by the court when it adjourned to meet on November 2.

Probing Election Frauds.

The Scott County Circuit Court convened in Georgetown Monday and Judge Robert L. Stout instructed the grand jury to investigate the alleged frauds in the primary election held in that city in July. Affidavits were filed in the court alleging votes cast in the primary were not counted. The grand jury had a number of the ballot boxes before them. One precinct is missing and the Chairman of the Democratic County Committee has announced that it cannot be located.

Three Feature Pictures at the Grand.

At the Paris Grand tomorrow, Saturday, night there will be shown three feature pictures, each one a whole show in itself. They are "The Taming of a Shrew," a very laughable comedy; "The New Editor," also a splendid comedy picture, and "Fighting Blood," one of the most sensational pictures ever shown.

There will be two performances, the first starting promptly at 7:30. Admission ten cents.

Receiver Asked for Burley Society.

Suit was filed in the United States Court at Frankfort Monday asking for a receiver for the Burley Tobacco Society and for the Burley Tobacco Company. The suit was filed by W. M. Dawley, Chris Heffling and George Fritz of Brown county Ohio and each one of the complainants pooled tobacco in the 1906 1907 and 1909 pools and are therefore members of the Burley Tobacco Society and the Burley Company.

The attorneys filing the suit are Bradley & Bradley, B. M. Lee and H. C. Ford, all of Georgetown, Ky., and in addition to asking for a receiver or receivers, they ask that the Burley Society be enjoined from disposing of any of its property or any of its books, papers or accounts now in its possession.

The complainants allege that the defendant companies are insolvent and that the funds of the companies have been misappropriated and unlawfully spent in large sums in political campaigns, by hiring speakers and paying for the publication of campaign articles in the newspapers and in many other ways. They allege that they do not know just how much has been spent, but believe it is in excess of \$150,000.

They allege that the officers of the company, particularly the president, have acted in such a manner as to prevent the sale of the pooled tobacco; that these officers are now continuing the salaries of scores of employees who have nothing to do and are wasting the money that rightfully should have been distributed to the tobacco poolers.

rapidly. The new level of both tracks
at this point is about six feet above
the former level on account of cutting
down heavy grades entering Paris.

Two Held to Grand Jury.

The examining trial of Walter John-
son, colored, charged with shooting
Lafayette Hunt, a white man, follow-
ing an altercation at the latter's store
at Currentsville, a negro settlement
near this city, was tried in the county
court Wednesday and held to the grand
jury, and in default of bail of \$500 he
was sent to jail.

The trial of "Shorty" McCoy, col-
ored, charged with the murder of Frazier
White at the fair grounds in this city,
about two weeks ago, was held Wed-
nesday afternoon. The evidence at the
examination was conflicting and the
trial resulted in McCoy being held to
the grand jury without bond.

**Paris to Have New Traction
Depot.**

That Paris will soon have a new
traction station is evidenced by the
communication received by Dr. A. H.
Keller from the officials of the Central
Kentucky Traction Company yester-
day. The communication is to the
effect the work will begin within the
next few days. Several weeks ago
Dr. Keller, acting in the capacity of
Health Officer, served notice on the
officials to place the depot at the cor-
ner of High and Fifth streets in a
sanitary condition, and to improve
certain portions of the building by lay-
ing a concrete floor. At that time the
officials gave out the information they
would begin the erection of a new
depot within thirty days. Within ten
days the limit will have expired and
the company contemplates beginning
work on the new structure within that
time. The building will be construct-
ed of brick and will be two stories
high.

Returns to Paris.

Mr. B. F. Goodman, who was called
home in Paintsville a few weeks ago
on account of illness in his family has
returned to Paris where he will spend
the winter. Mr. Goodman reports
that the typhoid fever which has been
raging in Paintsville is now under con-
trol. He says the little town he left
in the early spring has grown to such
proportions during his absence that he
hardly recognized it, and being located
in the heart of a rich coal section, bids
fair to become a metropolis of the
Eastern section of the State.

It will be welcome news to dyspeptics to learn of a remedy that, in the opinion of thousands, is an absolute cure for indigestion and all forms of stomach trouble, and, better still, it is guaranteed to do so. The remedy is Dr. Caldwell's Syrup Pepsin.

We all know the value of pure pepsin in indigestion, and add to this some exceptional laxative ingredients and you have a truly wonderful remedy. Mr. T. W. Worthy of Forsythe, Ga., got to the point where he could not even eat or digest vegetables and after many years of seeking he found the cure in Dr. Caldwell's Syrup Pepsin. Mr. Rudy Kasper of Moline, Ill., was in the same bad predicament with his stomach, took Syrup Pepsin and is now cured.

Hundreds of others would gladly testify.

It is a guaranteed cure for indigestion, constipation, biliousness, headaches, gas on the stomach and similar complaints. A bottle can be had at any drug store for fifty cents or a dollar, but if you wish to make a test of it first, send your address to Dr. Caldwell and he will supply a free sample bottle, sent direct to your address. You will soon admit that you have found something to replace salts, cathartics, breath perfumes and other temporary reliefs. Syrup Pepsin will cure you permanently.

For the free sample address Dr. W. B. Caldwell, 402 Caldwell building, Monticello, Ill.

A Widow and a Railroad

By M. QUAD

Copyright, 1911, by Associated Literary Press.

The D. and S. railroad had decided to eliminate a ten mile curve on its line by a cross cut of half the distance. The curve had been made to reach a boom town which had later been fire swept and then abandoned. The Widow Carter, relict of a farmer, lived on the line of the rejected cut-off. It must run between two lakes on her farm, and the isthmus was only seventy feet wide.

There was not a doubt on the part of the railroad people that the widow would sell the right of way for \$100 or so. One day a company lawyer paid her a call. He was a man of fifty, about the widow's age, and the two had not talked ten minutes before it developed that they used to go to school together as children. When it came to speaking of the right of way the lawyer treated it as a trifling matter. All other landowners on the line had granted it for nothing, but in Mrs. Carter's case they would pay \$100 if she would bind herself to keep quiet about it.

"I won't say either yes or no today," she replied. "There's something I want to remember about our school days—some incident of importance that you were connected with. I guess I can think it up tonight, and you can come back tomorrow."

The lawyer departed, thinking the widow a bit odd in her ways, and he was back in due time next day.

"Look here, Sam Davis," said Mrs. Carter as they were seated. "I was pretty sure there was some incident, and it has come to me. You know there was a hill back of the school-house at Wharton?"

"Yes."

"And we used to slide down on sleds and boards at recess and after school?"

"So we did."

"One noon you asked me to ride on your sled. Halfway down the hill it upset, and I lost a big cud of gum I was chewing."

The lawyer laughed and slapped his leg, but the widow had a very serious face as she went on:

"And so your old railroad has got to pay me a thousand dollars for the right of way. 'I'm going to get even for that lost gum.'"

"A hundred dollars is a big price, widow. It's land that you make no use of."

"But I may decide to make use of it. No; the railroad can have it for a thousand dollars, but not a cent less."

"It can condemn the land under the law, you understand, and in that case it would get it for \$10."

"Well, let 'em go ahead."

The railroad company didn't care to go ahead until it had exhausted other means. It would raise its figures, and it would send other lawyers to her. Meanwhile the widow consulted a lawyer in the village. He was a one horse lawyer, but he was posted on the thing she wanted most to know. In certain states a railroad cannot secure the right of way through a dwelling house by condemnation proceedings. If the owner asks an exorbitant figure the value is to be set by three adjacent landowners. This law applied in the widow's case, or soon would. She at once ordered lumber to build a shanty on that isthmus, and within a week she was living in it.

The railroad sent on another lawyer, who offered \$200 for the right of way. Mrs. Carter was firm. Then another lawyer and \$400. Mrs. Carter was firmer.

Railroads often seize by force what they covet and then fight it out in court. The idea was to do it in this case. Mrs. Carter borrowed every shotgun for a mile around and was ready for battle. She actually fired a charge of bird shot that entered the legs of three trespassers and sent them howling. Then the railroad people got a minister from the village to go down and talk with the widow. He saved his breath, even if he didn't earn his money. The moment she understood his errand she said:

"Now, parson, you don't want to butt into this. Your business is to preach of goodness and heaven and angels. Mine is to beat the railroad. You go right back home and leave me to run things here."

Then the railroad offered \$500. "Just half my figure!" was the woman's reply.

Then they called for a commission of three to view and value. They were three farmers and were good friends of Mrs. Carter. They put the value at \$2,000. One of their reasons was that the passing of trains would make the fish in the two lakes very nervous. Another was that the whistles of the locomotives would prevent the widow from hearing her clock strike and might set her roosters to crowing an hour ahead of time.

When the award was made known the railroad company wanted to settle for \$1,500.

"I don't want but a thousand," said the widow. "That has been my finger right along. However, I want Sam Andrews to bring the money and tell me he's mighty sorry about that gum, and if it was to do over again he'd help me to find the cud if it took all day."

And Lawyer Andrews appeared and laid down the yellow backs and made the handsomest kind of an apology, and a month later the railroad was using the short cut and the engines were tooting at Mrs. Carter as she stood in her door.

WHAT CURES ECZEMA?

We have had so many inquiries lately regarding Eczema and other skin diseases, that we are glad to make our answer public. After careful investigation we have found that a simple wash of Oil of Wintergreen, as compounded in D. D. D., can be relied upon. We would not make this statement to our patrons, friends and neighbors unless we were sure of it—and although there are many so-called Eczema remedies sold, we ourselves unhesitatingly recommend D. D. D. Prescription.

Because—We know that it gives instant relief to that torturing itch. Because—D. D. D. starts the cure at the foundation of the trouble.

Because—It cleanses, soothes and heals the skin.

Because—It enables Nature to repair the ravages of the disease.

Because—The records of ten years of complete cures of thousands of the most serious cases show that D. D. D. is today recognized as the absolutely reliable Eczema cure.

A Speedy Cure for

Constipation, Biliousness, Dyspepsia, Indigestion, Liver Complaints, Tired Feeling, Bad Taste in the Mouth, Bad Complexion, Nervousness and all diseases of the Stomach, Liver and Bowels.

"Bloodine Liver Pills" act gently, yet thoroughly upon the bowels, liver, stomach and digestive organs. The pills, in old and chronic cases of constipation and indigestion, act at once, without gripping, nor do they leave any unpleasant after-effects, nor form a constant habit of purging, produced by other cathartic remedies.

"Bloodine Liver Pills" restore the deranged and torpid liver to its normal condition and healthful action. Remove and prevent constipation by securing a natural and regular operation of the bowels, and relieve those unpleasant symptoms which attend a diseased or morbid condition of the liver, stomach and bowels. To assist in attaining this end, the following suggestions are offered.

REMARKS. Everyone who uses pills for their action on the liver, should know that large doses rarely prove as satisfactory as small ones. Large doses simply purge and pass out of the system, usually leaving the bowels constipated, and seldom removing the cause of the trouble, or improve the general health. On the other hand, small doses develop the alternative effect of the medicine, do not irritate or constipate the bowels, but gently stimulate the liver and prevent the accumulation of bile by directing its flow into the proper channels. Therefore it is advisable to commence by taking not over one or two pills at bed-time and increase dose as necessary.

PORTLAND, ME.
GENTS:—I find your "Bloodine Liver Pills" the most effective pill I ever used. They cause no gripping or constipative after effect as most liver pills do.
Yours truly,
MRS. AMADA RICHARDSON.

ONE MILLION DOLLARS**FOR A GOOD STOMACH**

This Offer Should be a Warning
To Every Man and Woman.

The newspapers and medical journals recently have had much to say relative to a famous millionaire's offer of a million dollars for a new stomach.

This great multi-millionaire was too busy to worry about the condition of his stomach. He allowed his dyspepsia to run from bad to worse until in the end it became incurable.

His misfortune serves as warning to others.

Everyone who suffers with dyspepsia for a few years will give everything he owns for a new stomach.

Dyspepsia is commonly caused by an abnormal state of the gastric juices, or by lack of tone in the walls of the stomach. The result is that the stomach loses its power to digest food.

We are now able to supply certain missing elements—to help to restore to the gastric juices their digestive power, and to aid in making the stomach strong and well.

We know that Rexall Dyspepsia Tablets are a most dependable remedy for disordered stomachs, indigestion and dyspepsia.

We want you to try them, and will return your money if you are not more than satisfied with the result.

Three sizes, 25 cents, 50 cents and \$1. Remember, you can obtain Rexall Remedies in this community only at our store—The Rexall Store, G. S. Varden & Son, Paris, Ky. 6in.

Soliciting to Pay Debt.

The Richmond Register says: "A meeting of base ball enthusiasts was held Monday evening at the Elks Club, and plans were discussed for raising funds to meet the deficit in the Pioneers' treasury. The club is about \$1,200 behind and a committee was appointed to solicit contributions from everybody in town to make up this loss. This is the only way in which it can be done. Unless this old debt is paid, it is useless to talk about base ball next year. So it is earnestly hoped that all who are approached for this purpose will contribute liberally, and thus insure a continuance of the Richmond club in the Blue Grass League."

"Thais."

A sensation followed the announcement that Paul Wiltach, author of "The Life of Richard Mansfield," and associated with the famous actor for eight years during his tours of America, had written a drama based on "Thais" which will be seen for the first time in Cincinnati at the Grand Opera House, week of October 9, under the management of Joseph M. Gaite, with Miss Constance Collier in the name part.

Mr. Wiltach has closely followed the scenes as they appear in the novel. Anatole France, one of the greatest of living literary workers, is the author of the novel, which became the basis for the opera by Jules E. F. Massenet, which achieved such popularity in this country when sung by Miss Mary Garden.

The book is a magnificent piece of literature, and the opera has many things to relieve it of harsh criticism and much that is truly beautiful. Many thought the dramatization of the beautiful opera would be a thankless one, but Mr. Wiltach is a daring chap and Mr. Gaite is what is known as "game," so the production went forward and the outcome is well known for after the first performance "Thais" was a distinct dramatic triumph. Few operas have been dramatized. Merimee wrote "Carmen" in 1845, but it was fifty years before anyone undertook a dramatization of the story for the stage. In 1895 Miss Olga Nethercole commissioned Henry Hamilton, a British writer, to make such a version for her use, and as all the world knows today it proved one of the most successful plays ever written by a modern author. Miss Nethercole, alone, has played it over 1500 times, and was the first actress to appear in the part in Paris; although it was 62 years after the novel was written, and it has been one of the most popular works in the entire repertory of French operas.

It may have been a recollection of this episode that stirred Mr. Wiltach to action with "Thais."

As a usual thing, however, it is not counted a good business risk to dramatize themes that are familiar with a musical accompaniment. But Mr. Gaite made arrangements with Massenet for the use of his score for entr'acte music, so this latter is an important feature of the dramatic "Thais."

"Thais" is a story showing the anachronisms of the ancient Theban desert. The piece takes its name from a beautiful creature, as sinful as she is beautiful. There comes to her a hermit who seeks to convert her from her wicked life. He preaches and prays and endures the temptations that befel Parsifal. Finally he yields but when he has come thoroughly under the influence of "Thais," and has lost his soul, she suddenly awakens to the new life, has heard his teachings and pleadings, and goes to the "White Sisters" on the African shore of the Mediterranean.

Mr. Gaite, in addition to Miss Collier, has engaged Tyrone Power to appear in the part of the hermit. And Julian L'Estrange to play the part of Nicias, the favorite lover.

"Thais" is produced with a wonderfully beautiful scenic investiture and will be the treat of the theatrical season. Matinees will be given on Wednesday and Saturday.

Mail orders will receive prompt attention, if they contain certified check, postal or express orders, payable to Theatre. If parties desire tickets mailed, self-addressed envelope must accompany order, thus avoiding possibility of error. Special attention will be given to all out of town orders. Special round trip excursion rates will be given on all railroads. For information regarding fares and schedules of trains consult local agent.

—At the Falmouth Fair, last week Speakes Brothers of Bourbon county, took three blue ribbons on their beautiful yearling colt, Mildred King, and a blue tie on the best mare and colt, Mildred King and her mother. They also took first premium for the best harness yearling and brood mare; and a red ribbon for best saddle yearling. Out of six exhibitions Speakes Brothers took five blue ribbons and one red.

—W. L. Scott & Son, of Shelbyville, sold to the Cuban government ten heifers and three bulls, all royal bred Jerseys. The sale was made after the Cuban representatives, Senator Pevell, the Secretary of Agriculture in the Cabinet, and Dr. Emilio T. Luaces, professor of agriculture in the government experiment station at Santiago de las Vegas, had made a personal inspection of all the best herds in the country.

—Farmers are not accustomed to count the cost of keeping a few idle horses around for weeks or even months. Many would be surprised to find what a horse's board bill amounts to even on light grain feed, although it would not be so serious on a farm as in this instance of discarded city horses. There were fifteen aged horses which the city of Chicago no longer needed in the municipal business, so according to law they were advertised for sixty days and the bids then were opened. On a basis of actual cost of feed and care the expense to the city during the two months has been about \$300 and if the \$20 for advertising, and the cost of the special council meeting to act on the sale and the time of various city employees were figured in the cost of selling these horses would doubtless exceed \$400. When the bids were opened the highest offer for the entire lot was just \$400. It was a cheap lot of horses but it was no cheap job getting rid of them.—Ex.

OLD JOB IS FINISHED

St. Louis Savant Works Half Century on Aristotle's Book.

Dr. Denton J. Snider, Leading Writer on Philosophical and Psychological Subjects, Finally Completes Long Task.

St. Louis, Mo.—Dr. Denton J. Snider, St. Louis savant, who has been pronounced by eminent American and European critics the leading writer on philosophical and psychological subjects, has just completed the final work in his system of universal psychology.

The new book is entitled "The Biosmos," and is an exposition of the life of nature psychologically treated. Specifically it treats of the science of biology in its widest sense. In Dr. Snider's system this is the third part of nature, as the whole is conceived.

Scientists and the world of letters have been following the progress of Dr. Snider's labors during many years, and his announcement that the entire work is completed is one of the important literary items of the season.

In this tremendous work the dream of the Greek philosopher Aristotle, and later that of Herbert Spencer, of accumulating all there was of definite knowledge and weaving it into a vast, comprehensive system, to be a monument for future ages, has been realized by the St. Louisian.

Aristotle accomplished what he set out to do, and in a measure Spencer was successful, but in the system of the English thinker there are certain gaps, such as history and esthetics. These gaps are filled, and the progress in learning since Aristotle's time is supplied in Dr. Snider's new system.

The works of Dr. Snider number more than 36, but the essential ones included in his new science are 16. The entire subject is grouped under seven general heads: Organic psychology, psychology of philosophy, psychology of nature, psychology of art, psychology of institutions, psychology of history and psychology of biography.

For more than half a century Dr. Snider has been gathering the materials for and working upon his system. Most of his labors were performed in St. Louis, but in the course of his investigations he visited foreign countries, where he was able to bring into play the dozen or more languages of which he is master.

During the years of toil he was not the absorbed, solitary scholar, such as Faust is represented, "buried in dusty volumes and away from the world." He has taught a large following of students in classes that at times numbered well into the hundreds.

These classes were unique and were the beginnings of a sort of world's university which Dr. Snider hopes will survive him and use the materials he has created. In recent years the classes, open to all, have been held in the branch library buildings.

Books were given to the students without charge by their author, and the talks and lessons were by Dr. Snider himself. Now there are a number of classes conducted by former pupils, who have mastered the system.

BREAKS HER LEG ON A BOAT

Woman's Physician Happened to Be on Same Vessel and She Is Given Quick Attention.

Philadelphia.—Just after she had remarked to a fellow passenger that she had enjoyed her outing immensely and was glad that no accident had marred the journey, Mrs. Mary E. Fries, seventy-three years old, of 855 North Fortieth street, who, in company with her five sons and a daughter, had been attending a church picnic at Burlington Island park, tripped over a hawser on the boat in which she was making the return trip and fell to the deck, injuring herself seriously.

Seeing her mother slip, the daughter, Cynthia Fries, made an ineffectual effort to save her from striking the deck. By a remarkable coincidence, Mrs. Fries was treated for her injuries by Dr. William C. Barrett, who for thirty-five years had been the family's regular practitioner, and who was returning from Trenton on the same boat, unconscious of the proximity of his friends.

The aged woman had secured a good seat on the upper deck as the vessel left the landing. When they were in midstream two attaches of the boat line asked her to move. As she arose from her seat Mrs. Fries lost her balance and fell to the deck. While Dr. Barrett was examining her injuries, which proved to consist of a fractured leg, Dr. R. B. Wolf of St. Timothy's hospital, improvised splints from pieces of wood lying near by. Upon reaching the city the woman was taken to the Presbyterian hospital.

Onions Are Enjoined.

Des Moines, Iowa.—Judge De Graff, who, by a mandatory injunction a few weeks ago, effectively ended the street car strike, has issued an injunction against the odor of cooking onions. Lawyers who have offices in the Iowa Loan and Trust building told the court they did not relish the odors which escaped from the chimney of a restaurant across the alley. Judge De Graff ordered the restaurant company to raise its chimney high enough to carry the odors above the attorneys' offices.

Deafness Cannot be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & CO., Toledo, Ohio.

Sold by all druggists, 75c. Take Hall's Family Pills for constipation.

Be Happy!

Happy the girl, or woman, who has never suffered from any of the diseases of womanhood! Or, if she has been a sufferer, happy is she if she has learned of the wonderful benefits of Cardui, the woman's tonic!

Cardui is a gentle, tonic remedy, for women's ailments. It is a natural medicine—safe, harmless, purely vegetable. It has been in successful use for more than 50 years. It has cured thousands. It should do the same for you.

TAKE
CARDUI
The
Woman's Tonic

Mrs. Mary Neely, of Denver, Tenn., says, "I think there is no tonic on earth, as good as Cardui. I used it with the very best results. I had backache and nearly everything a woman could suffer with, until I took Cardui. Now, I feel better than I have for two years. I shall always recommend Cardui to other suffering women. I can't praise it too highly. As a medicine for weak, tired, worn-out women, Cardui is safe and reliable. Try it, today.

RIDING FOR A FALL.

—Donnell in St. Louis Globe-Democrat.

With the Live Stock.

Are the stalls, stables, sheep and hog pens in readiness for their long winter occupancy? It is better to see to this work in the cool, pleasant days than to leave it till the shelters are needed.

Keep a record of every cow, every day, with pencil and paper and scales. It only takes a minute and will pay you big.

Keep the stables dry and clean. No animal can thrive if compelled to stand and sleep on a reeking bed of manure.

Early maturity is the keynote in successful pig handling.

Put a boss pig by himself. Allow no robbing—it doesn't pay.

Let the hogs turn all the "windfall apples" into high priced pork.

Feed just enough—have the pig's bed clean and comfortable so he will lie down and sleep and put on fat.

See that the seals do not lose flesh on short or frost-bitten pastures.

No matter how good a horse is in its early life, its usefulness is cut short if it is not properly cared for. This is a serious loss.

If you are feeding clover, remember to cut down the bulk. This is a hearty food and you can't use as much of it as you can timothy without doing your horse harm.

If your house was on fire would you throw more fire on it to extinguish it? Foolish, you say? But I've seen people calling themselves men who try to drive fear out of a frightened horse by beating him, swearing at him and scaring him. Isn't that much the same thing? Seems so to me.—From October Farm Journal.

The Tobacco Harvest.

The tobacco harvest in Bourbon county has been under full headway during the past week and many acres of the yellow weed was leveled with the knife and hung in the barns to cure for an early stripping season. There is something of a decrease in the amount of tobacco produced in Bourbon this year and not over 5,000 acres were planted of the weed this year as against 8,000 last year. The crop this year will be extremely heavy and it is estimated the tobacco will weigh out an average of 1,300 pounds to the acre.

NEGROES FIGHT AT DANCE

One is Badly Injured and May Die While Others are Hurt in Millersburg Brawl.

VICTOR'S ASSAILANT HELD.

Delayed Bid Holds off Completion of Lighting Plants—Other Millersburg News

As a result of an altercation which took place Monday night at a dance hall in the merge settlement known as the "Tin Cup," between several of the colored race of this place and the negro members of a theatrical troupe who have been giving entertainments here, Sam Victor, one of the participants, is in a Lexington hospital under treatment and there is said to be little chance for his recovery, while others were less injured in a free-for-all fight. Last Friday night a company of four negroes, two men and two women, claiming to be a traveling minstrel troupe, came here from Carlisle and put on two entertainments, Friday and Saturday nights at the colored I. O. O. F. Hall. For some reason they remained over a few days this week, boarding in the home of Geo. Clay, colored.

Monday evening a dance was given, also a free entertainment by the troupe. Ed Victor and Bud Miller got into an altercation which was thought to have been quieted by Johnson, one of the troupe, but the trouble was soon renewed, when at the conclusion of a dance, Miller claims to have accidentally stepped on Victor's foot. At this juncture a scrap ensued and after some difficulty Victor was ejected from the house, but returned later after having procured a grass hook from the back porch and was again ejected.

The entire party then went to the street and proceeded toward the foot of the hill approaching toward fighting all the way using rocks and other missiles. Sam Victor, who at the time the trouble began, was not on the scene was notified by the time they reached the top of the hill and appeared at once in defense of his brother. He was struck in the back of the head near the ear, the blow rendering him unconscious. For a time excitement reigned supreme and not until the arrival of Marshal Williams did matters quiet. A physician was summoned, several stitches were required to close a wound in the head of Ed Victor. John McKee relieved severe cuts on one hand and Johnson, a showman, a blow on his head.

Sam Victor was taken to St. Joseph Hospital, Lexington, Tuesday morning by Dr. W. G. Daily, and from present indications it looks as though he will not recover. Ed Victor, Bud Miller, Geo. Franch, Junus January and Johnson, the showman, were all arrested and taken before Judge Waddell Tuesday morning at Police Court. The cases first called were those of Victor and Miller, the former pleading guilty. Victor claims he was cut about the head with a pair of brass knuckles by Miller, who he alleges started the trouble. Both were fined \$10 each.

Dan Elit, accused of striking Sam Victor, was next tried. Evidence in the case was conflicting and he was held to answer the next grand jury, in default of bond fixed at \$500 he was taken by Marshal Williams to Paris where he was lodged in jail.

It seems as if Victor and Miller had two altercations during the day Monday, one at the depot at Millersburg and one at Paris. As to the nature of these altercations we are unable to ascertain. Miller admits that he boozed some while at Paris and it is claimed by some present at the Clay home that Victor was also drinking. Miller is already under a \$50 bond for an offense of some weeks ago. The Johnson negro claims to hail from Chicago, while Elit is from Abington, W. Va. French and January who were also arrested have not yet been tried on account of the absence of important witnesses.

Delay in receiving bids for the completion of the plant and the furnishing and installation of a dynamo is lengthening the period which separates the citizens of Millersburg from an electric current. At the regular meeting of the City Council Wednesday night this matter was to be taken up but owing to the failure of one bid to arrive further action was deferred. Little business was before the council at this meeting. Mr. D. E. Clarke was granted a permit to erect a warehouse on Railroad street and the resignation of Jesse Wilson, as lighter of the street lights was accepted. The usual number of accounts were allowed.

Second Visit East.

Mr. Harry Simon, buyer for the Simon Department Store, has just returned from his second trip to New York this fall. In conversation with a News man last evening Mr. Simon said it had not been his intention to go more than once but that the first shipment of ladies' ready-to-wear suits, etc., had gone like hot cakes and it was absolutely necessary that he make his second visit East. He said he was much pleased with his visit as it was very profitable one as he was able to get things that were right up to the minute in ladies suits, cloaks and dresses that were not even shown in the early fall. The second consignment of these goods are arriving daily and can be seen by the ladies of Bourbon by calling.

Exceeded the Speed Limit.

Running an automobile at an excessive rate of speed in violation of a city ordinance that cost Lloyd Lee, of Georgetown, \$27.50 in police court Wednesday morning. Lee in company with J. L. McKeever and Frank M. Young, of the same city, came to Paris Tuesday afternoon and it is alleged while on Main street near the cemetery, Lee was driving the car at a high rate of speed and narrowly escaped a collision with a bunch of cattle that were being driven along the street at this point. (On complaint to the police the offending party was placed under arrest and gave bond for his appearance here Wednesday morning.)

Yesterday in court Dr. Ben Hickman, a colored physician was assessed a fine of \$17.50 for provoking an assault. Hickman it is alleged assumed a threatening attitude toward Dave Robinson, also colored, who made a complaint to the authorities. Other fines assessed were as follows: Wm. Maloney, drunk, \$7.50; Jane Breckinridge, disorderly, \$7.50; Noah Doty, drunk, \$7.50; Jasper Florence, drunk, \$7.50.

How to Buy Bonds

Bonds are attractive, but discrimination should be exercised whether you are buying Municipal, Corporation or Realty bonds or stocks.

Government Bonds are representative of strength but small income, and money is worth more than the return of Government issues.

Municipal Bonds vary as to income. Corporation Bonds are purchased by investors who can discriminate and secure larger income.

We are prepared to offer at all times lists of attractive bonds that have been passed upon by recognized and capable authorities.

We buy and sell Bonds, whether Government, State, County, Municipal or Corporation, and we will make exchange of securities at market values.

United States Steel Corporation Bonds have been heavily liquidated; at present prices they net nearly 5 per cent.

The convertible Bond issues of several of the railroads and individual companies, such as the American Telephone and Telegraph Company, offer most attractive means of securing convertible rights to stock without the speculative risk. Bonds of undoubted worth to be had to yield 6 per cent.
